FOWLER'S
SYNDROME UK

Feedback Policy

Fowler's Syndrome UK ("FSUK") wants to provide you with the best opportunity to give feedback on our work for our shared mission, educational programs, research grants, and fundraising. We value your feedback and are committed to using your compliments, suggestions, or complaints, to improve and develop our programming and work. We continue to work with the community to formulate inclusive research priorities and practices, and if you have feedback we would like for you to share this with us.

We may use your positive feedback to support our mission, for example, as comments in our printed publications, grant applications, on our website, and on social media.

We use quotes anonymously, however, occasionally it can be useful to use the name of the person who has provided the feedback, and if this is needed, we will always contact you to request your permission.

Your contact details will never be given to anyone outside of FSUK unless we are required to under the Data Protection Act. All data will be kept and stored in accordance with GDPR requirements.

Policy Review and Amendments: This policy will be reviewed annually, by the end of the first quarter (Q1), to ensure that it continues to meet the needs of FSUK.
